UFO Mania!

*Greetings in the name of Y'shua
Our Savior*

I am sorry it has taken so long to get this letter out, but so much has gone on. Let me start by saying how grateful Terri and I are to you our family in Christ and partners in this ministry. As the events in San Diego recently have shown, this world is full of desperately deceived people, who as G.K. Chesterton once remarked, that once people quit believing in God, it is not that they believe in nothing, it is that they believe in anything! You see this situation and it is so difficult not to laugh, because of the bizarre nature of the beliefs. But this must be tempered with the fact that 39 people died, which is no laughing matter. The scary part is that many people believe, including myself, that

The headline screamed out...

CULT SHARES MUCH WITH CHRISTIANITY...

there are perhaps thousands more of these types of small cults. I mentioned in my last newsletter that I have been dealing with one right here in Denver called "Concerned Christians". The leader, **Kim Miller**, threatened to kill me and my associates. He is predicting his own martyrdom within the next 2-3 years. We believe his group may be

building a compound down around Cortez, CO. Please pray that we can reach people in this group, before the same type of tragedy occurs again.

Speaking of Concerned Christians, there is another group called Concerned Christians based in Arizona. They are ex-Mormons who are now Christians, and have a ministry to Mormons. They were horrified to have the same name as the Denver based cult. So to our recipients in Arizona, please note that not all "Concerned Christians" are the same!

RECENT STORIES

I spent an afternoon recently with a fellow named **Randy**, who is the local director for Transcendental Meditation. It was our second meeting and we are going to get together again. Also recently I spoke at a highschool ski retreat at Camp Id Ra Ha Je (I'd Rather Have Jesus). My topic was "The Most Hated Words in the Bible" which is built around a serious look at John 14:6, where Jesus claims to be the Way, the Truth and the Life and that no one comes to the Father except through him. On the second night a young lady named **Anikka** came up to me and told me that she hated everything I said, that she was a witch, that I was the same as Adolf Hitler and all sorts of other things. The exciting thing is no one knows how she came up to the camp. She did not come with one of the church groups, nor was she brought by church friends. So we believe that God planned this weekend to confront her pagan beliefs with the claims of Jesus Christ. Please pray for both Randy and Anikka, that the Lord would pull the deception from their eyes.

To which it is only fair to say that this type of logic would lead someone to think that dogs are similar to earthworms, that $2+2=17$, and that Ted Kennedy will soon be registered as a Republican!. I was on the local ABC affiliate after the Heaven's Gate disaster, and it was interesting to note how many

story lines on the TV and in the newspapers refused to note what this group actually taught. If you went to their web page, it is full of their Gnostic/new age beliefs and explanations. They despised Christianity, and Applewhite claimed to be Jesus! What a discerning age we live in - not!

from their eyes.

JERUSALEM TRIP

This January I had the joy and blessing of traveling to Jerusalem with a group of pastors.

What an incredible time. Not only did it make the Bible come alive, but I had the opportunity to witness to two people on the plane flights. On the way there, I sat next to a Mormon engineer

on his way to Jordan. We talked for a few hours and he just kept reciting his "testimony" as a refutation of what I was telling him. After we were in Israel, I wrote him a letter and told him that one of the most exciting things about being Israel was the ability to go where Abraham, David, Solomon, the Apostles and of course the Lord Jesus Christ stood. These places were real, you could see them, touch them and fully realize what had happened there. I then compared

this with the Book of Mormon, where there is not one shred of geological or archeological evidence to support it. I told him as an engineer, he should appreciate the difference between things that are "hands on" and things which are fantasy. Please pray for **David Ogden**, that God would open his eyes. Also pray for **Michael**, a atheistic Jewish fellow whom I spent several hours talking to on the way back. Another interesting conversation!
